THIS IS UNEVALUATED INFORMATION 50X1

1. in February 1952, many Soviet technical works and school books were being translated into Hungarian. The publications were assigned by a committee on Soviet works to specialists to be translated, edited, and proofread. Payment for each page of translation was 16 forints; for a technical examination of the translated material, six to ten forints; for editing, eight to ten forints. 50X1
2. The Physical Chemistry Institute of the Eotvoes Lorand University translated, from Russian into Hungarian, Technochemical Calculations by Byeskov, 1949 or 50 (Hungarian title - Industrial Physical Chemistry Calculations). The Russian book had many textual mistakes and omissions of references as well as printing errors. Another book translated in the Physical Chemistry Institute was Laboratory Exercise Preparations by Balezin. work was in progress on Thermodynamics Praktikum by Kirillin. 50X1
3. Soviet technical works and scientific publications were available at Society of Technical and Natural Science Organizations. (Muezakai es Termeszettudomanyi Egyesuletek Szovetsege - MTEGZ) E Szalay u 4 in Budapest and in the Hungarian Academy of Sciences library. Soviet and satellite scientific literature was regularly received and excerpted by members of the working committee on Soviet publications. Member of the committee were specialists who had learned Russian since 1945. (Similar excerpts but in a smaller quantity were made from Western scientific publications mostly in the fields of rubber, leather,

production of synthetic goods.) About 25-30 publications from the USSR and her satellites were received. Among the Soviet publications received were: "Doklady Akademii Nauk SSR" and "Zhurnal Fizicheskoy Khimii". Important articles from Soviet publications were found in translation in "Magyar Kemiai Folyoirat", (editor, Dr Tibor Erdey-Gruz) and "Kemikusok Lapja" (editor, Dr Karoly Magyar). Upon request, the Central State Bookshop and Documents Center (Dokumentacios Koezpont and Orszagos Koenyvtari Koezpont) undertook translation and gave permit for translation of any article.
